90-DAY MORTGAGE SUCCESS GOAL PLAN

Jumpstart Your Mortgage Success

The Importance of Goal Planning – Why have goals?

- Without goal setting, we move from situation to situation in a reactive mode rather than taking a focused path towards our most desired outcomes.
- Our lives and our businesses end up being influenced by external forces instead of own wants and desires. To create the mortgage business and the production levels you desire it is critical to set clear goals.

The Power of Goal Setting

- Harvard MBA study in 1979 showed that 13% of the class that set written goals with no plan, made 2X the money as the 84% with no goals.
- 3% of the class that had both written goals and a plan, were making 10X the money as the rest of the class.
- When you start giving your life objectives and purpose through the power of goal setting, the results can be absolutely staggering.

How to Set Intentional Goals for Your Mortgage Business

STEP 1: Take my *Mortgage Satisfaction Assessment* on page 4 and score yourself on 8 key areas of your mortgage business to see where you are doing well and where you are falling short.

STEP 2: Fill in your *Mortgage Business Roadmap* on page 5 to build the vision for your production numbers and your high impact team.

STEP 3: Create your *90-Day Total Success Blueprint* on page 6 to develop goals for 5 key areas of your business and supporting action items for each goal.
